

Slow Learners & Advanced Learners

The learning levels of the students is assessed by the teachers in the classrooms during lectures and through conducting class tests, assignments, tutorials, seminars etc., on the basis of which slow learners and advanced learners are identified. Specific teaching-learning methodologies oriented towards the needs of such students. Traditional teaching methods are aided by new age technological methods to make learning more effective.

Slow Learners: Tutorials and remedial classes are organized, the purpose of which is to give special coaching in areas where they need support. Additional reading material and books in simple form is made available to increase their understanding of the subject. E-links are also suggested to the students to help them gain an in-depth knowledge of the subject.

Explanations and discussions are done in the class in local language with the aim of reaching out to the slow learners so that they can be brought on par with the rest of the class. Personal, academic and career-related counselling is given from time to time through mentors. Home assignments are given and evaluated on a regular basis. Peer learning is encouraged through group discussions and presentations. This aids in building a culture of team work and helps to develop leadership as well as interpersonal skills.

Advanced Learners: During lectures, tutorials, class tests, assignments and interaction outside the class, the teachers are able to assess the strength of the students and identify the advanced learners. Departments through a combination of academic and co-curricular activities encourage the advanced learners to optimize their potential. Such students are encouraged to participate in inter college competitions. The faculty helps the students to get relevant research projects and publish papers in the field of their choice.

They are suggested advanced readings in the relevant topics to enhance their understanding of the subject to enable them to pursue research in future. They are encouraged to help and provide support to the weaker students by engaging in group discussions and presentations. They are given an opportunity for micro teaching in the class as well as making individual presentations. The College library provides the Inflight facility and other e-resources to help the advanced learners to broaden their horizons. Students who are advanced learners are encouraged to upgrade their knowledge and skills through add-on courses provided by the college along with guest lectures organized by expert resource persons. Students are given recognition for their achievements at various forums in terms of cash prizes, Gold medals, appreciation certificates and scholarships. They are also motivated to secure rank and distinction in University examination.
