

Students Satisfactory Survey 2019-2020 – Report

The summary points are extracted from the **Students Satisfactory Survey (SSS)** conducted for 2019-20 batch students. The survey consisted of 21 questions as per NAAC guidelines. There were 367 respondents. Most of the questions were rated FIVE with five point scale.

SUMMARY:

1. Students are thoroughly satisfied with the teachers' preparation for class.
2. Teachers illustrating the concepts through examples and applications are appreciated well by students.
3. Encouraging students in extra-curricular activities also has given an extra dimension to holistic learning.
4. The overall quality of teaching - learning process is very good and is endorsed by the students very well.
5. Students expect more support by the institution to promote more number of internships and student exchange programmes.
6. Involving ICT tools while teaching are appreciated by students which increase the interest and interaction.
