Profile

B.M.S. COLLEGE FOR WOMEN (BMSCW) was established in 1964 by Late B.S. Narayan, the illustrious son of his equally illustrious father Late B.M. Sreenivasaiah. The founder's vision was to produce quality and holistic education to empower women. The college is presently headed by Dr.B.S. Ragini Narayan, Donor Trustee, Chairperson & Member Secretary, BMSET.

The college is known for its academic excellence and research. It has produced notable alumni. The college has been graded consistently with 'A' grade thrice by NAAC and it is also a mentor institution under UGC Paramarsh Scheme. The college was conferred with the status of Autonomy by UGC in 2021.

“Chairperson’s Message”

Dr. B.S. Ragini Narayan
Chairperson & Donor Trustee,
& Meber Secretary BMSET
Chairperson BMSCW

BMS College for Women, as a Higher Education Institution, has a noble vision of empowering women and motivating them to face the challenges of life with unshakable confidence. The institution has a strong academic foundation which provides quality education.

Since 59 years, the institution has promoted excellence and NAAC has accorded 'A' grade to the institution for three consecutive times. It is a matter of pride that the College is recognized by UGC as a Mentor Institution under Paramarsh Scheme. Due to its excellence in academics, co-curricular and extra- curricular activities, the institution has been granted Autonomy in the year 2021-22. It is a testimony to the concrete efforts of proactive Management, bright students, dedicated faculty and committed administrative staff.

BMSCW has carved a niche for itself as an institution of higher learning with new strategies for all round excellence to meet increasing demands in a globalized world. I congratulate and welcome the students seeking admission to this great institution and wish them successful life ahead

Principal's Message

As an institution which believes in Women's empowerment , our primary focus has always been to provide a value-based education, which not only prepares our students for gainful employment but also makes them conscientious citizens committed to improving social conditions. Towards this end, we give equal importance to academics, co-curricular and extracurricular activities.

The College has a vibrant sports culture and has produced outstanding sportswomen over the years. Research is actively promoted on campus through seed grants, research centres and research incentives. In spite of all our achievements, we refuse to simply bask in our glory. Instead, we continue to strive towards loftier ideals aimed at producing best possible quality in the field of higher education.

I thank all our stakeholders - students, parents, faculty, non-teaching staff, alumni and especially our ever-benevolent Management for being with us in this wonderful journey.

Dr. VASUNDHARA D. E.
M.Sc., M.Phil., Ph.D.

Vice Principal's Message

Albert Einstein said, "Education is not about learning of facts but training young minds to think. A good career is important, but a good character is of paramount importance. The aim is to create empowered minds so that students are able to decide what is good for them, differentiate between right and wrong, choose opportunities that help to build them and enable them to live in harmony with all existence.

As a Vice Principal, I am delighted that the institutional values align with my own personal values, including the importance of trust, respect, innovation and a sense of community. It is my strong belief that team efforts, role of a teacher, and a healthy parent-teacher relationship is the only path that leads towards a bright future full of opportunities and success for each and every student of our institution.

GAYATHRI A
M.Com., M.Phil.

“Dean’s Message”

BMS College for Women Autonomous offers a vibrant combination of academics and extracurricular activities. Our undergraduate and post graduate programs are designed to empower the scholars to become intellectually and professionally accomplished individuals. Perfect blend of academics, sports and cultural events makes the students stay in this institution vibrant and memorable.

Dr. RITA BHATTACHARJEE
M.Sc., M.Phil., Ph.D.

Highly qualified and distinguished faculty and committed supporting staff ensures smooth transition of a fresher through the semesters. The pedagogy adopted ensures a happy, eventful and holistic moulding of scholar. All programs are in sync with the current technical and academic demands of the Profession, Society and the Nation at large. Best wishes for a sparkling academic journey.

“CoE’s Message”

The Autonomous Status accords our institution the privilege to structure the examination system and design it as per the needs of the Industry. The examination process of our institution is transparent, flexible and unbiased. A robust platform for highly protected and hassle-free conduction of IT-integrated exams and error-free valuation. Publication of results on time in an autonomous institute would curtail the stress witnessed during the university exam. Grievances, if any, are corrected at the earliest, and areas of betterment are identified through feedback. MCQs and Viva are in alignment with the teaching-learning strategies, enhancing the competencies of students and bettering their chances of placements.

Dr. SUMANGALA.N.
M.Sc., M.Phil., Ph.D.

The examination process facilitates the blending of any number of subjects and open electives, promotes acquiring of credits, and favours horizontal mobility of the students across the country, as the institution is registered under the Academic Bank of Credits via National Academic Depository. In the long run, Examination reforms include designing question papers to test various skills, emphasizing the application of knowledge, open-book exams for justifying equity, contributing to the holistic approach, and fitting the structure to the real needs of the nation. We wish all our students avail all the benefits and excel in their exams and career.
